Standard Motor Products Releases 67 New Parts for Intermotor[®] Import Line

NEW YORK, N.Y., March 21, 2016 - Standard Motor Products, Inc. (SMP) announces the addition of 67 new part numbers to its Intermotor[®] Import line. The release expands coverage through the 2015 model year covering more than 16 million additional VIO.

The highlight is the addition of 12 new turbocharger SKUs, including both new and remanufactured units for gasoline applications. Other notable additions include 3 diesel fuel injectors, 4 power door lock actuators, and 11 fuel vapor canisters with coverage for 3 million VIO.

The company also introduced 23 SKUs to its switch category, increasing coverage by 5 million VIO. Examples include four-wheel-drive selector, ignition, heated seat, power door lock, and power window switches.

Commenting on the release, Phil Hutchens, Vice President Engine Management Marketing, SMP, stated, "Our latest new item release demonstrates our continued commitment to key categories such as switches, sensors, and turbochargers. We're excited to supply our customers with the quality and coverage they demand."

All new applications are listed in the eCatalog found at www.IntermotorImport.com and in electronic catalog providers.

Intermotor[®] offers the finest premium engine management related products, including computerized engine controls, ignition and electrical, emission parts, sensors, switches, ignition wire, fuel injection and fuel system components for a broad range of import vehicles. SMP's Intermotor[®] line of genuine import parts is unrivaled for its superior quality, original match and comprehensive coverage.

For additional information, contact an SMP sales representative or visit www.IntermotorImport.com.

About SMP:

SMP supplies independent professional auto technicians and automotive do-it-yourselfers with high quality replacement parts for engine management ignition, emission and fuel systems as well as temperature control products for domestic and import cars and light trucks. SMP products are sold through both traditional and non-traditional distribution channels. For more information, download the SMP[®] Parts mobile App or, visit www.smpcorp.com.
